ENDOCAM Flex HD

The innovative imaging concept

ENDOCAM Flex HD

The innovative imaging concept

Endocam Flex HD is the innovative concept that fulfills the requirement of an easy-to-use, space-saving, and portable imaging system.

With universal connectivity to a large number of endoscopes, **Endocam Flex HD** allows the use of our one-of-a-kind flexible sensor endoscopes along with rigid endoscopes of every type – be flexible!

An attractive price-performance ratio, combined with a customer-oriented service concept, allows **Endocam Flex HD** to fit into any budget.

Be flexible

- **Compact devices** – smaller footprint
- **Plug and Play** for easy use
- **Excellent image quality** and illumination
- **Universal application** with the new flexible endoscopes
- **Optional camera head** for use with existing rigid endoscopes

Genuine Plug and Play:
Just one plug – connect and go.

Just turn it on: Neither white-balancing nor focusing are necessary and brightness control is automatically regulated by **Endocam Flex HD** when using our flexible sensor endoscopes.

ENDOCAM Flex HD

spirit of excellence

and Accessories

ENDOCAM Flex HD Controller Set

Outputs: 1 x HDMI, 1 x USB 3.0, Resolution: 1920 x 1080 pixel, VESA 100 interface, 100–240 V a.c., 50/60 Hz, dimensions (W x H x D): 150 x 55 x 220 mm. Comprising: ENDOCAM Flex HD Controller (5521101), HDMI/DVI-D cable (103843) and power cable (244003) **55211011**

Light source

ENDOLIGHT Flex LED

High Power LED, LED service life >30,000h, color temperature approx. 6,500 K, continuously variable electronic light quantity control, VESA 100 interface, 100–240 V a.c., 50/60Hz, Dimensions (W x H x D): 150 x 55 x 220 mm. Comprising: ENDOLIGHT Flex LED (5166001) and power cable (244003) .. **51660011**

Mounting solutions

VESA 100 Console

Console for one or two devices of the "Flex" series, installation between VESA 100 mount and VESA 100 monitor, **for one device** **5370401**
for two devices,
with holder for camera head and light cable **5370402**

VESA 100 mount

for mounting one device of "Flex" series to the side of RIWomobil or to other vertical mounting surfaces **32116452**

Camera head

1-Chip HD Camera head for ENDOCAM Flex HD

C-Mount, 1 x 1/3 inch high-resolution image sensor, 2 camera head buttons, angled cable connection, cable length: 2.5 m **5521902**

Lenses

RIWO-Zoom-Lens

f = 13 – 29 mm **5261504**

RIWO-Angular-Lens

f = 17 mm **5257171**
