Multi-Band Ligation System

SmartBand[®]

Multi-Band Ligation System

Specifically designed to improve ligation performance...

- ▶ The SmartBand® Multi-Band Ligation System is used to endoscopically ligate esophageal varices at or above the gastroesophageal junction and to ligate internal hemorrhoids.

The SmartBand Multi-Band Ligation Kit...

Consists of a ligation handle with universal connector, loading device, flush tube, Pentax adaptor, and barrel with 6 bands.

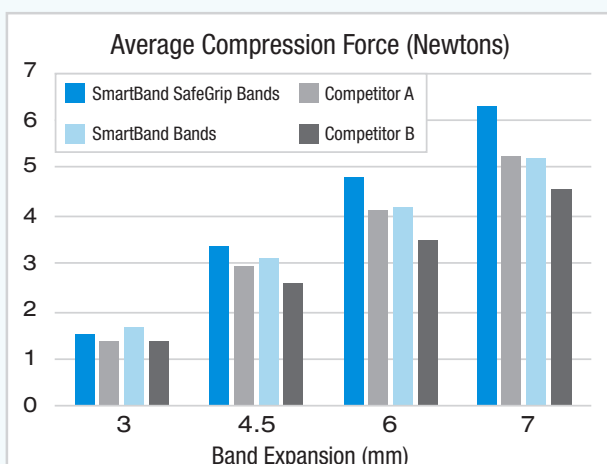

The bands are...

- Designed to deliver maximum tissue compression and gripping force
- Uniquely manufactured and packaged to enable a 24 month shelf life

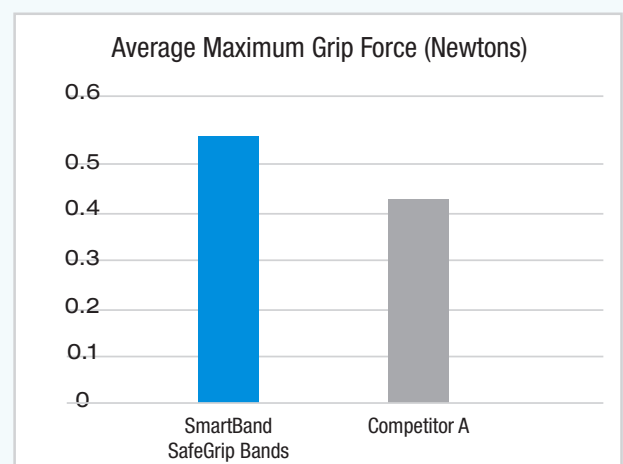

SmartBand
Multi-Band Ligation Kit

SmartBand SafeGrip
Multi-Band Ligation Kit

SmartBand Ligation bands delivered higher average compression forces than competition during third party testing¹

SmartBand SafeGrip Ligation bands delivered 33% higher gripping force than competition during third party testing¹

The SmartBand Multi-Band Ligation System...

Features a universal connector that attaches the handle to the endoscope and is compatible with multiple endoscope styles

Includes 6 backloaded bands on a clear, smooth barrel for optimal visualization

Offers a 10FR inner diameter handle stem that enables maximum suction capabilities

Provides a dedicated flush port for clearing the working channel during the procedure

The SmartBand Packs offer a reloadable barrel of bands for procedures that require more than 6 bands – helping to reduce costs
